P.C.

Original records have been produced before us. On the basis of the record, it is clear that the petitioner is nowhere near 75 per cent of mandatory prescribed attendance in the lectures. In Economics, out of 12 lectures he has attended one, in Business Communication he has not attended even a single lecture, in Commerce he has attended four out of nine lectures and in Mathematics and Statistics, he has not attended not a single lecture. We have perused the original record. We see no reason to interfere with the decision of the management. Petition is accordingly dismissed.
